Rs 280

## COFFEE DRINK

A cappuccino is an Italian coffee drink made with espresso, steamed milk, and milk foam, typically in equal parts. The result is a rich, creamy, and smooth beverage with a strong espresso flavor and a balance of sweet and bitter notes. The foam allows the espresso to shine through more than in a latte, which has less foam and more milk. A cappuccino unique:  
Composition: Equal parts espresso, steamed milk, and foam.
